------------------------------	--

Highlights

- 3D flex function in the back
- Flexible front edge of the seat
- Adjustable height
- Seat shell in various colors
- Handle on the backrest
- GMP compliant
- Contributes to increasing the quality of the workplace and employee satisfaction
- Hygienic-design (minimal joints, resistant

- to disinfectants and chemicals, anti-bacterial and anti-germ effects)
- Low weight, mobile through handle, compact design
- Ergonomic and comfortable, complicated adjustments and settings become redundant thanks to the innovative flex functions: seat front edge and backrest

Ergotec worktable

Ergonomic design.

*Physiotherapists and occupational physicians increasingly attach great importance to the ergonomic design of workplaces, in particular the height adjustment of working desks. These desks help to avoid premature fatigue, joint and back pain while working. The **Ergotec** series worktables support this comprehensively.*

The design of the tables makes it very easy to switch between sitting and standing while working. Up to 4 different table heights can be saved electronically and recalled by simply pressing a button. This enables users to set their

desired working height at any time and adapt it to their current needs. Ergonomic cutouts in the table for the laboratory chairs create optimal seating and working comfort for the user.

Highlights

- 4 different table heights, freely programmable
- Easy switching of positions, at the push of a button
- High load capacity up to 400 kg
- Variable selection of table width and depth
- Ergonomic cutout, optional
- Cooling plate, optional
- Water bath, optional

Item No.

Ergotec - standard version
with height adjustment
1,800 x 800 mm

10120001

are individually selectable!***

Ergotec worktable with illumination and Ergosit laboratory chair

Undertable drawer

Optionally available. Smaller parts can be stored safely directly at the place. You have everything within reach (image may differ).

Cable channel

Optionally available. Have a neat and clean desktop. All cables remain hidden. The appropriate switches, sockets and USB ports are set according to your personal requirements.

LED illumination

Optionally available. For a perfectly illuminated workplace at all times. Supports fatigue-free work through optimally coordinated LUX strengths.

Programmable height levels

Sitting, standing, sitting. Staying mobile while working has never been easier. The height adjustment turns a static workstation into an active one.

Cooling plate

The cooling plate can be integrated directly into the tabletop at your desired location. The work surface is not displaced by an additional device. Easy to clean.

Water bath

Integrate the water bath directly into the tabletop at your desired location. Keeping all structures flat improves the workflow. Easy filling and emptying.
