

PARAFFIN SECTION MOUNTING BATH

- Black anodised aluminium giving excellent visibility of specimens
- Variable Heat Setting with temperature regulator and controlled by a thermostat with fluid expansion sensor
- Wide surround giving improved draining and support area
- External casing made of even painted aluminium coated with epoxy paint
- Insulated interior with fibreglass to minimise heat loss and maintain uniform temperature

GENERAL DESCRIPTION

The histology section mounting bath has a black anodised aluminium giving excellent visibility of specimens. It has a variable heat setting with a temperature regulator, which is controlled by a thermostat with a fluid expansion Sensor. The wide surround gives improved draining and support area. The external casing is made of oven painted aluminium coated with epoxy paint making an easy clean finish. The unit has an insulated interior with fibreglass to minimise heat loss and maintain uniform temperature.

AVAILABILITY & ORDERING DETAILS

This item is available from stock for next day delivery.

Product Code: **FLC001** Paraffin Section Mounting Bath Circular

Product Code: **FLC002** Lid for **FLC001**

TECHNICAL

Voltage: 230V

Power: 250W

Internal volume: 1.5 litres

Temp range: +5 amb. to +90°C

Protection rating: IP 54

Tank precision [H2O]: $\pm 1.5^{\circ}\text{C}$

Internal dimension DxH: 200x60mm

External dimension DxH: 330x120mm
