

DISPOJARS

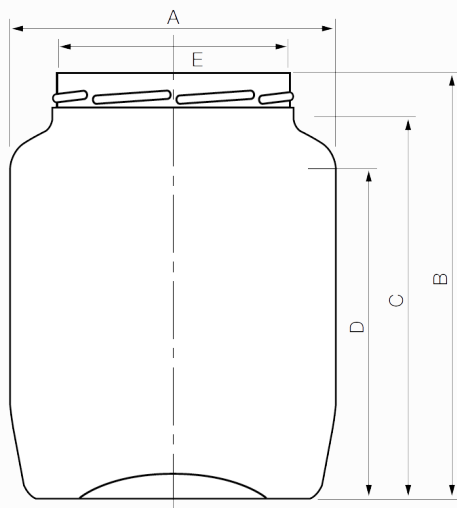

SAFE AND SECURE SOLUTION FOR DISPOSING WASTE

Transparent in appearance; DispoJars facilitate waste categorisation, allowing for quick identification of waste and prevent any mixing of waste. Thoughtfully designed; the jars can be combusted with low toxicity, causing the container to collapse around the waste material and ultimately minimise the space taken for the final safe disposal. The jars are available in a range of sizes from 3L - 5.6L with the option of a secure, tight lid and lining to prevent spillages and contamination.

DispoJars are a popular waste disposal solution within the health care industry, and being exclusive to us and manufactured in the UK, it enables us to deliver large quantities quickly and meet demands every time.

-  Safe containers for disposal of contaminated waste
-  Available in 5 different sizes
-  Selection of different type closures.
-  Supplies in easily manageable and economical pack sizes

DISPOJAR SIZE GUIDE

- A** TOTAL WIDTH
- B** TOTAL HEIGHT EXCLUDING CAP
- C** HEIGHT TO NECK
- D** HEIGHT TO SHOULDER
- E** INTERNAL NECK DIAMETER

All measurements are taken from batches which may differ from those currently manufactured.
Solmedia does not take any responsibility for changes in manufacturer's specification

3L DISPOJARS

Tough PET jar with 110mm black closure. Locking lid available to fit this jar.

VOLUME: 3028ML

SIZES: A= 147X127MM, B= 195MM, C= 174MM, D= 150MM, E= 102.8MM

PRODUCT	PRODUCT REF
 3L JAR	 PJ3000
